EXAMINER'S COMMENT

Drawings

1. The drawings are objected to because the view numbers are not in accordance with 37 CFR 1.84(u)(1). For example, "FIG. 1" should replace "Fig. 1". Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). The objection to the drawings will not be held in abeyance.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: applicant's disclosure enables the new claim feature of "the snapshot identifying only original data from the primary volume that are overwritten after the snapshot is created" via the incorporation by reference in paragraph [0017] of the disclosures of application numbers 10/237,432 and 10/655,961, in accordance with 37 CFR § 1.57. Note particularly the copy-on-write (COW) technique used in conjunction with snapshots and described in both disclosures as an alternative to making a complete copy of all data blocks (note, e.g., 10/237,432, paragraph [0061]).

None of the cited references, either alone or in combination, teach each and all of the features of independent claims 1 and 7 as presently amended. Consequently, claims 1-7 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
